# REPORT OF THE CHAIRMAN OF THE BOARD OF TRUSTEES OF THE ROYAL ONTARIO MUSEUM

To His Honour  
The Lieutenant Governor in  
Council

It is a pleasure to report to you that, at a time when many cultural organizations were faced with dire problems, the Royal Ontario Museum ended the fiscal year with many positive initiatives in place, and with a balanced budget. My predecessor, Tom Kierans, is responsible for many of the directions that the Museum will follow in coming years. Because of his increasing commitments to the nation's constitutional issues, Mr Kierans had to leave his post of chairman of the Board of Trustees in January at which time I was appointed acting chairman and retroactively chairman, by order in council, on 9 July 1992. During his two-and-a-half years on the job, Mr Kierans not only helped to solve many of the institution's administrative problems, he also was committed to laying the groundwork for the ROM Foundation, an independent legal entity dedicated to raising funds for the Museum.

Although pressures on government have led to diminished financial support, the ROM balanced its budget through a self-help approach, which successfully combined careful management with effective generation of income from retail and fundraising sources. Such efforts were greatly enhanced by the opening of the superb Ancient Egypt and Nubia Galleries, which were enthusiastically received by the general and scholarly publics alike. A highly effective and award-winning advertising campaign, which promoted the Museum's permanent galleries, contributed to an overall annual increase of eight per cent in attendance at all Museum buildings, programs, and events. At the main building alone, attendance was up by nineteen per cent.

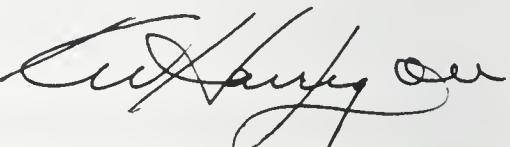

The Museum's rapport with the public is one of mutual giving. This year marked the fortieth anniversary of the ROM's Sigmund Samuel Building, named for the great philanthropist who, with donations of gifts and funds, started the institution's Canadiana collections.

Through the efforts of many very generous donors, work began

on the Museum's new Heritage Floor, which will bring together New World Archaeology, Ethnology, Canadiana, and the Institute of Contemporary Culture galleries with the Heritage Gallery of Canada's Peoples. The creation of the Heritage Floor and the ROM's newly established association with the Multicultural History Society of Ontario will give visitors the opportunity to appreciate the rich and diverse cultural history of this country.

I would like to express my appreciation to the Board of Trustees, including departing board members Douglas Creighton and William L. McDonald, for their outstanding support and for their generous work on behalf of the ROM.

I look forward to the challenging period ahead of us and, despite the economic and budgetary pressures, I believe that the ROM can continue to grow and prosper.

# RAPPORT DU PRÉSIDENT DU CONSEIL D'ADMINISTRATION DU MUSÉE ROYAL DE L'ONTARIO

À son Honneur  
le Lieutenant-gouverneur  
en conseil

Je suis très heureux de pouvoir déclarer que dans un contexte où de nombreux organismes culturels ont à faire face à de graves difficultés, le Musée royal de l'Ontario a néanmoins terminé un exercice financier qui s'est distingué par de nombreuses initiatives positives et par un budget équilibré. Sous la présidence de mon prédécesseur, M. Tom Kierans, le Musée a adopté plusieurs lignes directrices qui le guideront au cours des prochaines années. En raison de l'importance croissante de ses engagements sur la scène constitutionnelle nationale, M. Kierans a dû quitter son poste de président du Conseil d'administration au mois de janvier 1992. J'ai alors été nommé président intérimaire, avant d'être rétroactivement désigné président, par décret, le 9 juillet 1992. Au cours de ses deux

années et demie à la présidence, M. Kierans a non seulement contribué à résoudre un bon nombre des difficultés administratives du Musée, mais s'est aussi consacré à établir les fondements d'une entité juridiquement autonome, la Fondation ROM, dont l'objectif est de recueillir des fonds pour le Musée.

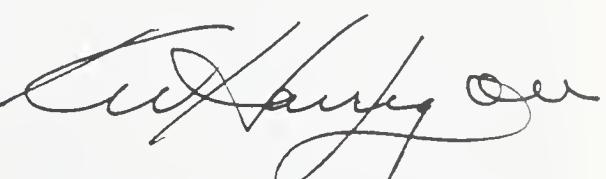

Bien que le contexte actuel ait forcé le gouvernement à réduire sa contribution financière, le ROM a été en mesure d'équilibrer son budget par ses propres moyens à l'aide de saines techniques de gestion et d'un accroissement de revenus généré à la fois par ses activités commerciales et par ses campagnes de financement. Ces efforts ont été grandement facilités par l'ouverture des superbes Galeries de l'Égypte ancienne et de la Nubie, et par l'accueil enthousiaste qu'elles ont suscité tant auprès du grand public que des experts. En outre, une campagne de publicité, primée et très efficace, visant la promotion des galeries permanentes, s'est traduite par une augmentation de huit pour cent de la fréquentation moyenne du public, qu'il s'agisse du nombre de visiteurs aux différents édifices composant le ROM ou de participants à ses programmes et à ses activités. Si l'on ne tient compte que de l'édifice principal, le nombre de visiteurs s'est accru de dix-neuf pour cent.

Le rapport que le Musée entretient avec le public relève du principe de l'échange mutuel. L'année écoulée marque le quarantième anniversaire de l'Édifice

Sigmund Samuel du Musée royal de l'Ontario, nommé ainsi à la mémoire du grand philanthrope dont les dons en objets et en argent ont permis de fonder cet établissement. Grâce aux efforts d'un nombre considérable de généreux donateurs, le Musée a entrepris l'aménagement de l'étage du Patrimoine canadien qui regroupera les galeries de l'Archéologie du Nouveau Monde, de l'Ethnologie, des Collections canadiennes, de l'Institut de culture contemporaine, ainsi que la Galerie du patrimoine des peuples du Canada. La construction de l'étage du Patrimoine canadien et l'entente conclue récemment entre le ROM et la Société d'histoire multiculturelle de l'Ontario permettront aux visiteurs d'apprécier toute la richesse de la diversité culturelle de notre pays.

Je tiens à exprimer ma gratitude aux membres du Conseil d'administration, y compris les membres sortants MM. Douglas Creighton et William L. McDonald, pour leur contribution remarquable et pour le généreux travail qu'ils ont effectué au nom du ROM.

J'anticipe avec enthousiasme les défis qui s'annoncent, convaincu que le ROM saura les relever et poursuivre son essor en dépit des contraintes économiques et budgétaires actuelles.

# REPORT OF THE DIRECTOR TO THE BOARD OF TRUSTEES

I am very pleased to report that the year 1991–1992 saw very steady progress in the directions outlined in my first report as director last year. Plans are now in place for the completion phase of the Gallery Development Program, which will make all the major Museum spaces open to the public by 1994. Coupled with this is the long-planned "consolidation" of the Canadiana galleries into the main Museum building's new Canada Heritage Floor, scheduled to open in 1993. Progress on both goes well. January saw the combined opening of the new Ancient Egypt Gallery and the Nubia Gallery, the first in North America. The public was not only delighted to have our mummies on display again, they were fascinated by the galleries' reconstruction of everyday life in ancient times.

This year's exhibitions and related programs celebrated cultural diversity, the generosity of the Museum's donors, and the potential of their donations as exhibition material. *Fiesta del Sol*, a weekend program, featured the art and culture of Toronto's Latin American community. *Toronto Teenagers:*

*Making Choices in the 1990s*, the first exhibit of the Institute of Contemporary Culture, displayed diversity within a youth culture. In this the use of electronic media enabled teenagers to express themselves to a wider audience. *An Introduction to Oriental Rugs* showcased the donated collection of Sidney Bregman to illustrate its theme; *Floral Embroidery: Design from an 18th Century Album*, also made possible by a benefactor, was both beautiful and illustrative of European transfer technology of that time; *Words under Glaze: Inscribed Medieval Persian Pottery*, made available by the collector's family, revealed the extraordinary elegance of the calligraphy of the Koran when inscribed on pottery. *Passionate Pursuit: from Private Collector to Public Patron* celebrated those patrons whose donations have created our rich Canadiana collections. The exhibit also commemorated the fortieth anniversary of the Sigmund Samuel Building, generously provided by Dr Sigmund Samuel, himself a great collector, to house these collections.

The visual arts were featured in the Museum's Christmas exhibits, the *Art of Babar; Picture Toronto*; and *Santa: The Real Thing at the ROM*, a reminder of the potent role of advertising in shaping cultural perceptions. New shows at the McLaughlin Planetarium during the year included *The Missing Universe: the Search for Unseen Matter* and *Changing Worlds: a New Look at Earth-Like Planets*.

Of particular note during 1991–1992 was the very marked increase in the number of visitors to the Museum. Especially heartening was an increase in paid admissions

of almost twenty per cent during a period of recession. This success was a function of the new galleries and active Museum programs, as well as of the "Awareness Campaign" which utilized award-winning advertising designs developed by Geoffrey B. Roche & Partners in association with the Museum's Marketing and Public Information Department.

The ROM is more than the building at the corner of Bloor Street and Queen's Park, as its outreach programs to the province of Ontario have proved again and again. The completion during the year of a formal agreement with the Multicultural History Society of Ontario was another promising outward initiative by the Museum. Under the terms of the agreement, exhibit space to be created in the new Canada Heritage Floor will be made available to the Society for a number of its exhibitions, the first of which is anticipated for 1993.

Museums help to preserve and interpret the past and present for the benefit of future generations. A major ROM initiative in this direction has been its participation in the development of a Biodiversity Action Plan for Indonesia, commissioned and paid for by the World Bank. The plan is designed to set priorities for conservation in a country with very limited economic resources but with a wealth of biodiversity that the world is in danger of losing.

In another important ROM initiative, Trudy Nicks, of the Museum's Department of Ethnology, contributed valuable expertise as co-chair of the Task Force on Museums and First Peoples. Its mission was to develop an ethical

framework and strategies for aboriginal nations to represent their history and culture in concert with cultural institutions. The task force was sponsored by the Assembly of First Nations and the Canadian Museums Association.

The Museum's achievements, however, must be set in the context of increasingly restricted funds for operating expenses. The ROM successfully balanced its budget in 1991-1992 but only at the expense

of discontinuing positions and thereby reducing the services it can provide to visitors and to the public.

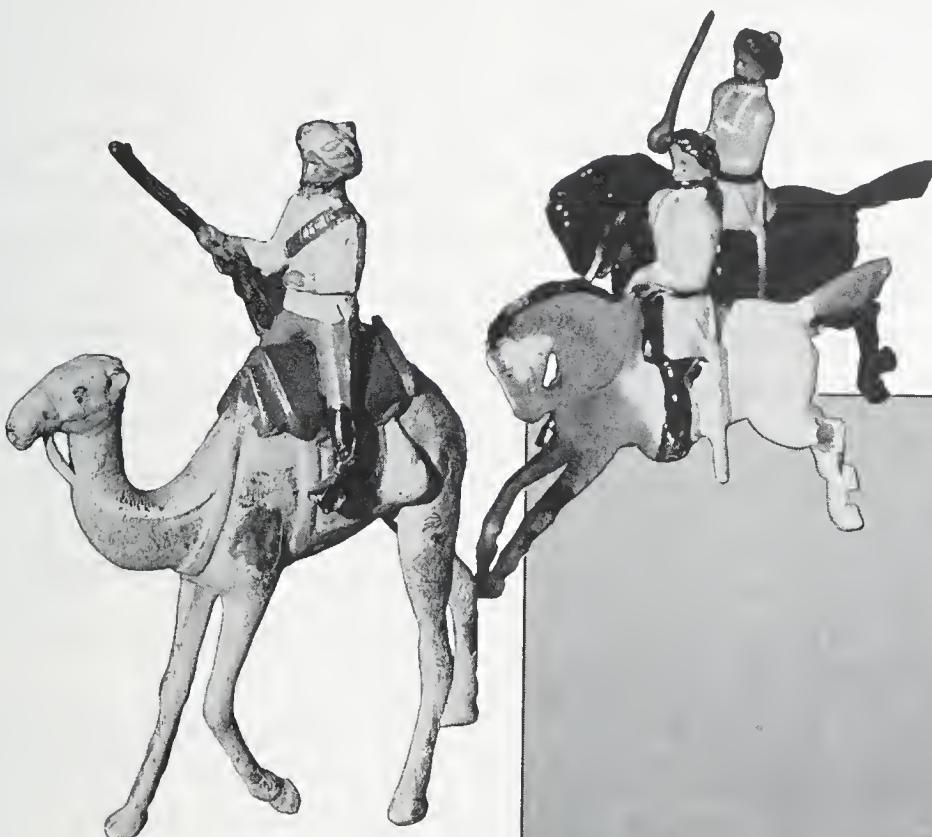

Many are to be thanked for the year's successes: Board of Trustees chairman Tom Kierans and his successor, Ken Harrigan, the Museum's corporate patrons, private donors, staff, and the public, whose support, in the form of attendance and membership, and in its involvement in fundraising

events, is invaluable. The support of *all* the community—government, corporations, and individuals—remains essential to the Museum's ongoing initiatives, indeed to its responsibility to the future.

*Right:* One of the most popular exhibits in the new Ancient Egypt Gallery recreates a scene of an Egyptian noblewoman at her toilet. Although most of the objects displayed are high quality reproductions, those set on the dressing table, and the wine jug, are genuine.

*À droite :* Une des présentations les plus populaires de la Galerie de l'Égypte ancienne reconstitue une scène de la vie quotidienne montrant une jeune femme occupée à sa toilette. La plupart des objets exposés sont des reproductions de très haute qualité, excepté ceux figurant sur la coiffeuse, et la jarre de vin, qui eux, sont authentiques.

*Left:* In 1991, The Honourable H. N. R. Jackman, Lieutenant Governor of Ontario, donated 5000 toy soldiers to the Museum.

*À gauche :* En 1991, l'honorable H. N. R. Jackman, Lieutenant-gouverneur de l'Ontario, a fait don de 5 000 petits soldats au Musée.

# RAPPORT DU DIRECTEUR AU CONSEIL D'ADMINISTRATION

J'ai le plaisir de vous annoncer que les lignes directrices tracées l'année dernière dans mon premier rapport annuel se sont solidement concrétisées au cours de l'année 1991-1992. Le Programme de développement des galeries entre maintenant dans sa dernière phase ; cette étape finale marquera l'ouverture, dès 1994, de toutes les principales salles du Musée. Parallèlement, nous assisterons au transfert des galeries des Collections canadiennes au nouvel étage du Patrimoine canadien, situé dans l'édifice principal du Musée, dont l'inauguration est prévue en 1993. La réalisation de ces deux programmes d'aménagement est en bonne voie. Au mois de janvier dernier, nous avons assisté à l'ouverture de la Galerie de l'Égypte et à celle de la Nubie, unique en Amérique du Nord. Le public s'est montré enchanté de revoir nos momies, et fasciné par la présentation d'objets témoignant de la vie quotidienne des anciens Égyptiens et Nubiens.

Cette année, les expositions et les programmes y afférents ont mis l'accent sur la diversité culturelle, sur la générosité des donateurs du

Musée et sur l'impact potentiel de leurs dons sur le contenu des expositions futures. Le programme *Fiesta del Sol*, qui a duré toute une fin de semaine, célébrait l'art et la culture de la communauté sud-américaine de Toronto. La première exposition de l'Institut de culture contemporaine, *Adolescents de Toronto : leurs choix dans les années 1990* a présenté les divers courants culturels des jeunes. Dans ce cas précis, l'utilisation des médias électroniques a permis aux adolescents de s'exprimer devant un public plus diversifié. L'exposition *Initiation à l'art du tapis d'Orient* nous a présenté une collection de tapis, don de M. Sidney Bregman, tandis que la superbe exposition *Broderies en fleurs : dessins tirés d'un album du XVIII<sup>e</sup> siècle*, également offerte au Musée par un bienfaiteur, a permis d'illustrer les changements technologiques survenus en Europe à cette époque. L'exposition *Mots sous glaçure : céramiques persanes médiévales à décor épigraphique*, don de la famille du collectionneur, a révélé l'extraordinaire élégance de la calligraphie d'inspiration coranique reproduite sur céramique. Quant à l'exposition *Une noble passion : de la collection privée au mécénat*, elle a rendu hommage aux mécènes qui furent à l'origine de nos magnifiques collections canadiennes. Cette exposition commémorait également le quarantième anniversaire de l'Édifice Sigmund Samuel, qui fut offert par M. Sigmund Samuel, Ph. D., lui-même collectionneur de renom, dans le but d'abriter ces collections.

Durant les fêtes de Noël, les arts visuels ont fait l'objet de plusieurs expositions telles *Le monde de Babar*, *Toronto en photos*, sans oublier *Le*

*Père Noël - C'est le vrai*, au ROM qui soulignait le rôle prépondérant que joue la publicité dans le façonnement de nos perceptions culturelles. Par ailleurs, le Planétarium McLaughlin a présenté de nouveaux spectacles, parmi lesquels *L'Univers invisible : en quête de la masse manquante* et *Mondes en évolution : une exploration des planètes semblables à la Terre*.

Un des points marquants de l'année 1991-1992 a été l'augmentation prononcée du nombre de visiteurs au Musée. Il est en effet très encourageant d'enregistrer un accroissement de près de vingt pour cent des droits d'entrée, surtout en période de récession. Ce succès est dû à la fois à l'inauguration de nouvelles galeries, à une programmation muséale dynamique, ainsi qu'à la campagne de sensibilisation primée entreprise par la compagnie Geoffrey B. Roche & Partners, en collaboration avec le service de Commercialisation et de renseignements au public du Musée.

Les activités du ROM s'étendent bien au-delà de l'édifice situé à l'angle de la rue Bloor et de Queen's Park, comme le prouvent sans cesse les programmes de diffusion externe qui desservent l'ensemble de la province de l'Ontario. De plus, l'entente conclue cette année entre le Musée et la Société d'histoire multiculturelle de l'Ontario représente une importante ouverture vers l'extérieur. Les termes de cet accord prévoient que l'espace aménagé pour les expositions planifiées à l'étage du Patrimoine canadien sera consacré à certaines expositions de la Société, la première étant prévue en 1993.

Les musées ont pour mission de

conserver et d'interpréter le passé et le présent pour le bénéfice des générations futures. Le ROM a fait un grand pas dans cette direction en participant à l'élaboration du Plan d'action de biodiversité pour l'Indonésie, commandité et financé par la Banque mondiale. Ce plan doit déterminer les priorités à donner à la conservation des espèces dans un pays aux ressources économiques limitées, mais riche en une diversité biologique malheureusement menacée.

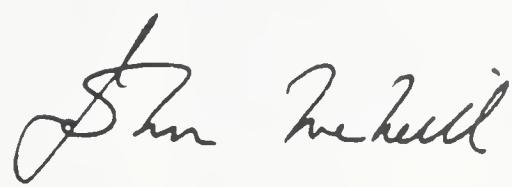

Une autre initiative importante du ROM a été menée par Mme Trudy Nicks, du Département d'ethnologie du Musée, dont l'expérience professionnelle a été très appréciée lors de son mandat à la coprésidence du Groupe de travail sur les musées et les Premières nations. Ce groupe a eu pour tâche d'instaurer un cadre de travail et

des stratégies éthiques qui permettront aux nations aborigènes de présenter leur histoire et leur culture en collaboration avec les institutions culturelles. Le groupe de travail a été parrainé par l'Assemblée des Premières nations et par l'Association des musées canadiens.

Enfin, le Musée doit tenir compte, dans ses réalisations, d'une diminution croissante des fonds de dépenses de fonctionnement. Si le ROM a pu équilibrer son budget en 1991-1992, ce n'est qu'au prix de suppressions de postes, ce qui a entraîné une diminution des services offerts aux visiteurs et au public.

Nombreux sont ceux que je tiens à remercier pour les grandes réalisations de l'année : le président du Conseil d'administration, M. Tom Kierans et son successeur M. Ken

Harrigan, les mécènes, les donateurs privés et d'entreprises, l'ensemble du personnel et surtout le public, dont le soutien, tant au niveau de l'achat de billets d'entrée ou de cartes de membres, que de sa participation aux campagnes de financement, fut inestimable. L'appui de la collectivité dans son ensemble, qu'il s'agisse du gouvernement, des entreprises ou des particuliers, reste primordial pour que le Musée assure la continuité de ses activités en cours, et ses responsabilités face à l'avenir.

# BEQUESTS, DONATIONS, AND GRANTS TO THE ROYAL ONTARIO MUSEUM

1 July 1991 to 30 June 1992

The Museum wishes to thank all those who have contributed to the Future Fund Today—ROM Endowment, the ROM Galleries Campaign, and the many other areas of the Museum that have been supported. It is a pleasure to list members of the Royal Terrace Club, Royal Corporate Circle, Director's Circle, and Museum Circle, as well as foundations contributing in excess of \$250 and those who have contributed to the enrichment of our collections with gifts-in-kind. The listing reflects the Museum's most recent records. In the event of an error or omission, please contact the ROM Foundation Office, 586-5700.

The Museum also wishes to express its appreciation to all the many friends and members of the ROM who have contributed. Their donations are both needed and valued, but their names are too numerous to be recorded here.

Le Musée désire remercier tous ceux et celles qui ont contribué au Fonds pour l'avenir — Fonds de dotation du ROM, à la Campagne de financement des galeries du ROM et à de nombreux autres secteurs d'activités du Musée. Nous sommes heureux de présenter la liste des membres du Club royal des terrasses, du Club royal des entreprises, du Cercle du directeur, du Cercle du Musée, ainsi que de toutes les fondations qui ont fait des dons de plus de 250 dollars et de toutes les personnes qui ont contribué à l'enrichissement de nos collections par des dons d'objets. Cette liste a été établie à l'aide des plus récents registres du Musée. En cas d'erreur ou d'omission, veuillez communiquer avec le Bureau de la Fondation ROM, au (416) 586-5700.

Le Musée désire en outre exprimer sa reconnaissance aux nombreux membres et amis du ROM pour leurs contributions. Leurs dons sont à la fois précieux et appréciés, mais la liste complète est trop longue pour figurer ici.

## AUDITORS' REPORT

### To the Trustees of The Royal Ontario Museum

We have audited the balance sheet of The Royal Ontario Museum as at June 30, 1992, the statements of financial operations of the Operating Fund, The Future Fund Today and Allied Trusts, and ROM Galleries Campaign, and the statement of cash flows of the Operating Fund for the year then ended. These financial statements are the responsibility of the Museum's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all

material respects, the financial position of the Museum as at June 30, 1992, and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting principles described in note 1 to the financial statements.

# NOTES TO FINANCIAL STATEMENTS

## JUNE 30, 1992

### 1. Summary of significant accounting policies

The financial statements of the Royal Ontario Museum (the "Museum") have been prepared by management in accordance with generally accepted accounting principles, with the exception of the accounting treatment of vacation pay of salaried employees (note 1(c)). The Museum is a scheduled agency of the Province of Ontario and accordingly is not required to prepare its financial statements in accordance with generally accepted accounting principles as set out in accounting recommendations issued by The Canadian Institute of Chartered Accountants.

The following summary of accounting policies is set forth to facilitate the understanding of these financial statements.

#### (a) Fund Accounting—

In order to ensure observance of the limitations and restrictions placed on the use of resources available to the Museum, the accounts of the Museum are maintained in accordance with the principles of fund accounting. Accordingly, resources are classified for accounting and reporting purposes into funds. These funds are held in accordance with the objectives specified by the donors or in accordance with directives issued by the Board of Trustees. Transfers between funds are made when it is considered appropriate and authorized by the Board of Trustees. For financial reporting purposes, the accounts have been classified into the following three groupings:

##### (i) Operating Fund—

This includes the day-to-day operating transactions of the Museum. It also includes amounts received by the Museum that are designated by the Board of Trustees or Museum management to be restricted to certain expenditures of an operating nature. The restricted funds include the following:

##### Grants—

Funds received from various governments and private agencies to finance specific research projects.

##### Museum restricted funds—

Funds for general or special purposes that have been reserved in accordance with directives issued by the Board of Trustees or by Museum management.

##### Departmental reserves—

Funds received from cross-appointment teaching and other activities of staff in the Curatorial and other Museum departments to assist in the financing of departmental expenditures.

##### Museum consolidation reserve—

Funds received and receivable to consolidate, reorganize, and create new space for the Museum.

##### Capital replacement reserve—

Funds that have been set aside for major capital improvements and replacements.

Reference is made to note 4 for details of the restricted funds.

#### (ii) The Future Fund Today and Allied Trusts—

This includes amounts received and pledged to create an endowment fund and to expend funds to maintain the collections, scientific research, and expeditions at a world class level. Fundraising and development costs are allocated to The Future Fund Today and Allied Trusts and to the ROM Galleries Campaign based on fundraising efforts.

#### (iii) ROM Galleries Campaign—

This includes amounts received and pledged from the Campaign and expenditures incurred to design and install exhibits in the Museum's gallery spaces.

#### (b) Bequests, donations, and grants—

Bequests, donations, and capital project grants are recorded as revenues when pledged at their estimated realizable value. Grants for operations are recorded as revenues during the period when the related expenditures are recorded.

#### (c) Vacation pay—

Vacation pay is accrued when earned for hourly paid employees and is recorded when paid for salaried employees.

#### (d) Marketable securities—

Investments in pooled fund units are carried at market value. Increases or decreases in the market value of the pooled fund units are recorded as investment income in the period in which they occur.

Other investments are recorded at cost. The gain or loss on the sale of securities is based on the average carrying value of the securities sold.

#### (e) Inventories—

Inventories, which consist mainly of gift shop items held for sale, publications, and supplies, are stated at the lower of cost and net realizable value.

#### (f) Deferred costs—

Costs of exhibitions are deferred until the exhibitions are opened to the public and then are charged to operations over the period of the exhibitions to which they relate.

#### (g) Fixed assets—

The land, buildings, collections, and contents are each carried in the accounts at a nominal value of \$1. Construction costs and other fixed asset additions relating to non-revenue-producing activities are expensed. Equipment, furniture, and fixtures relating to the Museum's services and other revenue-producing operations are capitalized and depreciated over the estimated useful lives of the assets.

Artifacts and specimens that are acquired by gift during the year are recorded as donation revenue at their appraised values. The cost or appraised value of gifts, artifacts, and specimens acquired during the year is expensed.

#### (h) Expenditures—

Expenditures are reported in the statement of financial operations of the Operating Fund on a functional basis. Expenditures by category comprise:

	Operations	Restricted	Total
	(in thousands of dollars)		
<i>Year ended June 30, 1992</i>			
Salaries, wages and benefits	\$19,859	\$ 575	\$20,434
Purchased goods and services	<u>6,686</u>	<u>2,843</u>	<u>9,529</u>
	<u>\$26,545</u>	<u>\$ 3,418</u>	<u>\$29,963</u>

#### *Year ended June 30, 1991*

Salaries, wages and benefits	\$19,672	\$ 485	\$20,157
Purchased goods and services	<u>6,321</u>	<u>2,628</u>	<u>8,949</u>

<u>\$25,993</u>	<u>\$ 3,113</u>	<u>\$29,106</u>
-----------------	-----------------	-----------------

#### (i) Donated services—

Volunteers perform various services on behalf of the Museum. The value of these donated services is not recorded in the accounts.

## 2. Pledges receivable

Pledges receivable include amounts due to be collected in the following years ending June 30:

Operating Fund	The Future Fund Today and Allied Trusts	ROM Galleries Campaign
(in thousands of dollars)		
1993	\$1,125	\$162
1994	43	130
1995	17	98
1996	2	29
1997		120
1998 and thereafter		117
		100
	<u>\$1,187</u>	<u>\$419</u>
		<u>\$775</u>

## 3. Museum services

Certain revenue-producing operations of the Museum are presented on a net basis in the Operating Fund statement of financial operations since their revenues and expenditures are directly related. The gross revenues and expenditures of these operations are as follows:

	Revenues	Expenditures	Net income (loss)
(in thousands of dollars)			
<i>Year ended June 30, 1992</i>			
Food services	\$2,200	\$2,043	\$ 157
Gift shops	1,717	1,632	85
Membership	1,291	1,130	161
Publications	283	348	(65)
<i>Year ended June 30, 1991</i>			
Food services	\$2,108	\$1,873	\$ 235
Gift shops	1,693	2,030	(337)
Membership	1,561	1,313	248
Publications	237	251	(14)

## 4. Restricted funds

A summary of the changes in the various restricted fund balances for fiscal 1992 is as follows:

	Funds June 30, 1991	Revenues	Expenditures	Transfers	Funds June 30, 1992
(in thousands of dollars)					
Grants	\$ 89	\$ 172	\$ 158	\$ (6)	\$ 97
Museum restricted	1,583	1,807	1,806	22	1,606
Departmental	589	525	436	21	699
Museum consolidation	5,722		734		4,988
Capital replacement	818	43	284	(22)	555
	<u>\$8,801</u>	<u>\$2,547</u>	<u>\$3,418</u>	<u>\$ 15</u>	<u>\$7,945</u>

Expenditures made on the Museum consolidation and capital replacement consist primarily of fixed asset additions.

## 5. Bequest

As at June 30, 1992, the Museum as a beneficiary of an estate has received \$14,202,000 of which \$706,000 was recorded as revenue during the year

ended June 30, 1992 (1991—\$13,496,000 including a balance receivable of \$12,496,000). A further amount of approximately \$800,000 is expected to be received from the estate during 1993.

The terms of the bequest require the Museum to spend all of the capital and the related investment income by June 17, 1995, on the acquisition of oriental and far eastern artifacts. As at June 30, 1992, the Museum has spent \$8,820,000 on the acquisition of such artifacts, of which \$8,065,000 was incurred during the year ended June 30, 1992 (1991—\$755,000).

## 6. Pension plan

The Museum maintains a contributory defined benefits pension plan, which covers all of its employees and pensioners. The plan provides pensions based on length of service and final average earnings.

Actuarial reports prepared during the year, which were based on projections of employees' compensation levels to the time of retirement, indicate that the present value of accrued pension benefits, and the net assets available to provide for the benefits at market related values, are as follows:

	June 30, 1992 (in thousands of dollars)	June 30, 1991
Pension fund assets	\$23,422	\$21,675
Accrued pension benefits	<u>20,260</u>	<u>20,800</u>
Surplus	<u>\$ 3,162</u>	<u>\$ 875</u>

The pension expense of \$150,332 (1991—\$532,000) includes the amortization of experience gains and losses. These amounts are being amortized on a straight-line basis over a period of 16 years.

## 7. Commitments

As at June 30, 1992, the Museum is committed to future expenditures of \$3,208,000 by fund as follows:

Operating Fund—operations	\$1,506,000
Operating Fund—restricted	1,519,000
ROM Galleries Campaign	<u>183,000</u>
<u>\$3,208,000</u>	

## 8. Income taxes

The Museum is registered as a charitable organization under the Income Tax Act (Canada) (the "Act") and, as such, is exempt from income taxes and is able to issue donation receipts for income tax purposes. In order to maintain its status as a registered charity under the Act, the Museum must meet certain requirements within the Act. In the opinion of management, these requirements have been met.

## 9. Related party transactions

As a result of the operational integration of the Museum and The George R. Gardiner Museum of Ceramic Art ("the Gardiner Museum"):

- (i) admissions revenues received by the Museum or the Gardiner Museum entitle visitors to visit both museums;
- (ii) the Museum pays for certain expenditures on behalf of the Gardiner Museum for which it is reimbursed at cost; and
- (iii) the Museum provides certain administrative and other services to the Gardiner Museum at no cost.

# RAPPORT DES VÉRIFICATEURS

## Aux administrateurs du Musée royal de l'Ontario

Nous avons vérifié le bilan du Musée royal de l'Ontario au 30 juin 1992 et les états des résultats du Fonds d'administration générale, du Fonds pour l'avenir et fiducies apparentées et de la Campagne de financement des galeries du ROM et des mouvements de trésorerie du Fonds d'administration générale de l'exercice terminé à cette date. La responsabilité de ces états financiers incombe à la direction du Musée. Notre responsabilité consiste à exprimer une opinion sur ces

états financiers en nous fondant sur notre vérification.

Notre vérification a été effectuée conformément aux normes de vérification généralement reconnues. Ces normes exigent que la vérification soit planifiée et exécutée de manière à fournir un degré raisonnable de certitude quant à l'absence d'inexactitudes importantes dans les états financiers. La vérification comprend le contrôle par sondages des informations probantes à l'appui des montants et des autres éléments d'information fournis dans les états financiers. Elle comprend également l'évaluation des principes comptables suivis et des estimations importantes

faites par la direction, ainsi qu'une appréciation de la présentation d'ensemble des états financiers.

À notre avis, ces états financiers présentent fidèlement, à tous égards importants, la situation financière du Musée au 30 juin 1992 ainsi que les résultats de ses activités et l'évolution de sa situation financière pour l'exercice terminé à cette date selon les principes comptables décrits à la note 1 afférente aux états financiers.

# NOTES AFFÉRENTES AUX ÉTATS FINANCIERS

## 1) SOMMAIRE DES PRINCIPALES CONVENTIONS COMPTABLES

Les états financiers du Musée royal de l'Ontario [le « Musée »] ont été dressés par la direction selon les principes comptables généralement reconnus, à l'exception du traitement comptable des indemnités de vacances des employés salariés [note 1 c)]. Le Musée est un organisme établi par la province de l'Ontario et, par conséquent, n'est pas tenu de dresser ses états financiers conformément aux principes comptables généralement reconnus définis dans les recommandations en matière de comptabilité publiées par l'Institut Canadien des Comptables Agréés.

Le sommaire suivant des conventions comptables est donné dans le but de faciliter la compréhension des présents états financiers.

### a) Comptabilité par fonds

Afin d'assurer le respect des limites et des restrictions relatives à l'utilisation des ressources dont le Musée peut disposer, les comptes du Musée sont tenus conformément aux principes de la comptabilité par fonds. Par conséquent, les ressources sont classées à des fins de comptabilité et de présentation de l'information. Ces fonds sont détenus conformément aux objectifs précisés par les donateurs ou aux directives émises par le Conseil d'administration. Les virements inter-fonds sont effectués lorsqu'ils sont jugés appropriés et qu'ils sont autorisés par le Conseil d'administration. Aux fins de présentation de l'information financière, les comptes ont été classés sous les trois groupes suivants :

#### i) Fonds d'administration générale —

Ce fonds inclut les opérations quotidiennes de fonctionnement du Musée. Il comprend également les sommes reçues par le Musée que le Conseil d'administration ou la direction du Musée affecte à certaines dépenses relevant du fonctionnement. Ces fonds assujettis à des restrictions comprennent ce qui suit :

##### Subventions —

Sommes reçues de divers gouvernements et organismes privés pour financer des projets particuliers de recherche.

##### Fonds assujettis à des restrictions du Musée —

Fonds destinés à des fins générales ou spéciales, et qui ont été réservés conformément aux directives émises par le Conseil d'administration ou la direction du Musée.

##### Réserves des départements et service —

Fonds reçus de l'enseignement à nominations conjointes et d'autres activités du personnel de la Division de la conservation et d'autres services du Musée pour aider au financement de dépenses des divers départements et services.

##### Réserve de consolidation du Musée —

Fonds reçus et à recevoir pour consolider, réorganiser et créer de nouveaux espaces dans le Musée.

##### Réserve de remplacement d'immobilisations —

Fonds réservés aux améliorations importantes qui sont apportées aux immobilisations et au remplacement d'immobilisations.

Voir la note 4 pour plus de détails sur les fonds assujettis à des restrictions.

#### ii) Fonds pour l'avenir et fiducies apparentées —

Ce fonds comprend les sommes reçues et les promesses de dons pour créer un fonds de dotation et accroître les sommes visant à

maintenir la renommée mondiale des collections, de la recherche scientifique et des expéditions. Les frais de levée de fonds et d'expansion sont répartis entre le Fonds pour l'avenir et fiducies apparentées et la Campagne de financement des galeries du ROM en fonction des résultats des levées de fonds.

#### iii) Campagne de financement des galeries du ROM —

Sommes reçues et promesses de dons dans le cadre de la campagne, et charges engagées pour concevoir et installer les expositions dans les espaces des galeries.

#### b) Legs, dons et subventions —

Les legs, les dons et les subventions de projets d'investissement sont comptabilisés à titre de produits, lorsqu'ils sont promis, à leur valeur de réalisation estimative. Les subventions de fonctionnement sont comptabilisées à titre de produits au cours de la période pendant laquelle les charges correspondantes sont comptabilisées.

#### c) Indemnités de vacances —

Les indemnités de vacances sont inscrites lorsqu'elles sont gagnées par les employés horaires et comptabilisées lorsqu'elles sont payées pour les employés salariés.

#### d) Titres négociables —

Les placements dans des parts de fonds communs de placement sont comptabilisés à la valeur marchande. Les augmentations ou diminutions de la valeur marchande des parts de fonds communs de placement sont comptabilisées à titre de revenus de placements au cours de la période où elles se produisent.

Les autres placements sont comptabilisés au coût. Le gain ou la perte à la vente de titres est établi selon la valeur comptable moyenne des titres vendus.

#### e) Stocks —

Les stocks, qui se composent principalement d'articles vendus dans les boutiques, de publications et de fournitures, sont comptabilisés au moindre du coût et de la valeur de réalisation nette.

#### f) Charges comptabilisées d'avance —

Les charges relatives aux expositions sont reportées jusqu'à l'inauguration des expositions, et sont alors imputées à l'exercice pendant la durée de l'exposition à laquelle elles se rapportent.

#### g) Immobilisations —

Le terrain, les bâtiments, les collections et leur contenu sont comptabilisés à une valeur nominale de 1 \$. Les frais de construction et les autres acquisitions d'immobilisations relatives aux activités n'entrant pas de produits sont imputés à l'exercice. Le matériel, le mobilier et les agencements relatifs aux services du Musée et aux autres activités entraînant des produits sont capitalisés et amortis sur leur durée d'utilisation prévue.

Les artefacts et les spécimens acquis grâce à des dons au cours de l'exercice sont comptabilisés comme produits de dons à leur valeur estimative. Le coût ou la valeur estimative des dons, des artefacts et des spécimens acquis au cours de l'exercice est imputé à celui-ci.

#### h) Charges —

Les charges sont portées à l'état des résultats du Fonds d'administration générale selon l'activité. Les charges par catégorie comprennent :

1997		117
1998 et par la suite		100
	<b>1 187</b>	<b>419</b>
		<b>775</b>

#### 3) SERVICES DU MUSÉE

Le montant de certaines activités du Musée entraînant des produits qui figurent à l'état des résultats du Fonds d'administration générale est net, puisque les produits et les charges de ces activités sont directement liés. Les produits et charges bruts de ces activités se présentent comme suit :

Produits	Charges	Revenu net (perte nette)
\$	\$	\$
[en milliers]		

Exercice terminé  
le 30 juin 1992

Services alimentaires	2 200	2 043	157
Boutiques	1 717	1 632	85
Adhésions	1 291	1 130	161

Exercice terminé  
le 30 juin 1991

Services alimentaires	2 108	1 873	235
Boutiques	1 693	2 030	(337)
Adhésions	1 561	1 313	248
Publications	237	251	(14)

#### 4) FONDS ASSUJETTIS À DES RESTRICTIONS

Les variations des soldes des divers fonds assujettis à des restrictions se résument comme suit pour l'exercice 1992 :

	Fonds au 30 juin 1991	Produits	Charges	Virements	Fonds au 30 juin 1992
	\$	\$	\$	\$	\$
[en milliers]					
Subventions Assujettis à des restrictions du Musée	89	172	158	(6)	97
Départements et services	1 583	1 807	1 806	22	1 606

	<b>8 801</b>	<b>2 547</b>	<b>3 418</b>	<b>15</b>	<b>7 945</b>

Les dépenses consacrées à la consolidation du Musée et au remplacement d'immobilisations se composent principalement d'acquisitions d'immobilisations.

#### 5) legs

Au 30 juin 1992, le Musée avait reçu 14 202 000 \$ en sa qualité de bénéficiaire d'une succession. De cette somme, un montant de 706 000 \$ a été comptabilisé à titre de produits pendant l'exercice terminé le 30 juin 1992 (13 496 000 \$ en 1991, y compris un solde à recevoir de 12 496 000 \$). Un montant additionnel de près de 800 000 \$ devrait être reçu de la succession au cours de 1993.

En vertu de ce legs, le Musée est tenu de consacrer la totalité du capital et des revenus de placements en découlant à l'acquisition d'artefacts d'Orient et d'Extrême-Orient d'ici le 17 juin 1995. Au 30 juin 1992, le Musée avait affecté un montant de 8 820 000 \$ à l'acquisition de ces artefacts, dont 8 065 000 \$ ont été engagés pendant l'exercice terminé le 30 juin 1992 (755 000 \$ en 1991).

#### 6) RÉGIME DE RETRAITE

Le Musée offre un régime de retraite contributif à prestations déterminées à tous ses employés et rentiers. Le régime prévoit le versement de prestations fondées sur le nombre d'années de service et le salaire moyen de fin de carrière des bénéficiaires.

Les rapports actuariels préparés au cours de l'exercice, qui sont fondés sur la projection des niveaux de rémunération des employés au moment de leur retraite, indiquent que la valeur actuelle des prestations constituées et l'actif net disponible pour honorer ces engagements, évalué à une valeur axée sur la valeur marchande, s'établissent comme suit :

	30 juin 1992	30 juin 1991
	\$	\$
[en milliers]		
Actif de la caisse de retraite	23 422	21 675
Prestations constituées	20 260	20 800
Surplus	<b>3 162</b>	<b>875</b>

La charge de retraite de 150 332 \$ [532 000 \$ en 1991] comprend l'amortissement des gains et des pertes actuariels. Ces montants sont amortis, selon la méthode linéaire, sur une période de 16 ans.

#### 7) ENGAGEMENTS

Au 30 juin 1992, les engagements de dépenses à venir du Musée s'élèvent à 3 208 000 \$ répartis entre les fonds suivants :

Fonds d'administration générale – fonctionnement	1 506 000
Fonds d'administration générale – assujetti à des restrictions	1 519 000
Campagne de financement des galeries du ROM	183 000
	<b>3 208 000</b>

## **8) IMPÔTS SUR LE REVENU**

Le Musée est reconnu comme organisme de charité en vertu de la Loi de l'impôt sur le revenu du Canada [la « Loi »] et, à ce titre, est exonéré d'impôts sur le revenu. Il est ainsi en mesure de donner des reçus pour dons de charité aux fins de l'impôt sur le revenu. Le Musée doit remplir certains critères prévus dans la Loi pour conserver son statut d'organisme de charité enregistré en vertu de la Loi. De l'avis de la direction, le Musée satisfait à ces exigences.

## **9) OPÉRATIONS ENTRE APPARENTÉS**

Par suite de l'intégration des activités du Musée et du Musée de l'art céramique George R. Gardiner [« le musée Gardiner »] :

- i) les produits provenant du prix d'entrée du Musée ou du musée Gardiner permettent au public de visiter les deux musées;
- ii) le Musée paye certaines charges pour le compte du musée Gardiner qui lui sont remboursées au coût;
- iii) le Musée offre, sans frais, au musée Gardiner certains services administratifs et autres services.
